Art.1 General Rules

1.1 Content Requirements

Entries submitted will be accepted under the condition of their completion. This means the full, completed work as it has been released for the audience.

Submissions must consist only of material used in the final production. Cut sequences, unused music, deleted performances, omitted characters and similar surplus material will not be considered for nomination.

1.2 Entry

Submissions have to be entered from a citizen or a registered institution in one or more of the following countries:

Albania, Andorra, Armenia, Austria, Azerbaijan, Belgium, Belarus, Bosnia-Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Germany, Greece, Hungary, Iceland, Ireland, Israel, Italy, Kosovo, Latvia, Liechtenstein, Lithuania, Luxembourg, Macedonia, Malta, Moldova, Monaco, Montenegro, Netherlands, Norway, Poland, Portugal, Romania, Spain, Russia, San Marino, Serbia, Slovakia, Slovenia, Sweden, Switzerland, Turkey, Ukraine, United-Kingdom.

It is not required from the entrant to be a member of the EAA association to submit.

1.2.1 Entry fee

Entry fees depend on the category.

For Student short films, the entry is free.

1.3 Nominees

During applications, entrants will be asked to advise the names of the individuals who will be listed as nominees if the programme receives a nomination. It is mandatory to provide the detailed name(s) of the nominee(s) as they appear in the credits.

These names will be the '*candidates for nomination*'.

- There must be careful consideration of who is proposed as candidates for nomination changes cannot be made once nominations have been announced.
- The EAA will only accept names if they are part of the creative production team in relation to the category entered. **Commissioning editors, producers and executives who work within the broadcaster commissioning teams will not be accepted!**
- If it is not possible to decide upon precise names, you may opt to list 'Team' as the nomination credit, with the obligation to name at least a representative to accept the nomination/award in the name of the team as specified in art. 1.3.1.

Entrants will also be asked to advise on the names to be engraved on the trophy, should the programme win the award.

1.3.1 Nominees' representative care.

The EAA offers to take care of the flight and accommodation of **a single representative per nomination**. Should the programme prove to be granted an Award, the same representative will be invited on stage to accept said Award. In the case of a group nomination all present spectators

involved will be invited on stage, however, the representative will be the only one to act as a spokesman and the only one to deliver an acceptance speech.

1.4 Nomination & screenings

Please note that, in case of a nomination, the right holders agree that EAA members with a voting right will be able to access their animated work for evaluation.

Furthermore, the programmes will be accessible up until December 31, 2019.

Authorization forms will be issued regarding screenings in reruns of the ceremony highlights and nominees or winners on the occasion of and in participation with partner festivals.

These authorizations will be valid for 2020.

These screenings will be held in various European events, under the label of the EAA or the Emile Awards, organized by partner festivals of the EAA. The list of those festivals is similar to the one found in addition to these guidelines.

Art.2 Animated Student Films

An Emile Award for **Best Achievement in an Animated Student Film** shall be awarded to a director or a team of directors for creative excellence.

Submission:

The online form can be found here:

Eligibility:

Student films are not submitted to an entry fee.

Only Student films produced or predominantly co-produced in Europe (see list in art.1.2) are eligible.

To be eligible to receive this award, the film must have been:

- **Awarded** in at least one of the events listed in Annex 1 between July 31, 2018 and September 30, 2019.

Material Requirements:

All video files must be subtitled in English, unless the movie production is in English language or dubbed in English.

All Animated Student Films will have a runtime of under 40 minutes.

Additional remarks

Faculty may advise on the production, but all work, from concept through finished film, must be the work of a student or group of students. The European Animation Awards does not allow for hands-on involvement by professionals in key positions, including but not limited to animators, production designers, directors, producers, camera persons, editors, writers etc. Exceptions to this rule are professional actors for voice work, professional composers and musicians for the soundtrack, and use of professionally recorded stock music or music which is in the public domain.
